

Server

```
graph LR; Server[Server] -.->|HTTP request with URL| Channel[Communication channel]; Channel -.->|Files at given URL| Client[Client];
```

The diagram illustrates a communication channel between a Server and a Client. The Server is represented by a solid black rectangle on the left, and the Client is represented by a solid black rectangle on the right. A dashed black line connects the two, forming a rectangular loop. Inside this loop, the text 'Communication channel' is at the top. Below it, an arrow points from the Client to the Server with the text '← HTTP request with URL'. At the bottom, an arrow points from the Server to the Client with the text '→ Files at given URL'.
